

Project Spotlight

Custom wine cellar

Bachman Homes designed and built a custom wine cellar for one of our legacy customers. Finely appointed with faux painting, coffered ceiling, stone veneer walls and built-in wine racks, this space has independent settings to control the humidity. A wine-tasting room adjoins this surrounding, making that glass of Pinot Noir even more appealing. "Salute!"

The Excitement Is Building!

Thanksgiving— a reflection

"Insert your image here"

As we approach Thanksgiving 2010 take a moment to reflect upon the many freedoms we have and equally the number of blessings for which we are thankful. Your Thanksgiving image may be a family gathering around the table centerpiece with the turkey and all the trimmings. Perhaps it's the stereotypical "men watching football with full stomachs", or even that late-night turkey sandwich to make the day complete. As we reflect upon 2010, Bachman Homes thanks those around us that make the season so special. We all sincerely wish you a very Happy Thanksgiving.

"I awoke this morning with devout thanksgiving for my friends, the old and the new."

- Ralph Waldo Emerson

Maintenance Corner

Cleaning and Maintaining Hardwood Floors

Hardwood floors are easy to clean and maintain. Follow these guidelines: place protective pads under furniture and throw rugs in high traffic areas. Vacuum often with soft brush attachment; a dust mop also works well. Damp mop only when needed, but use "Squeaky Clean" by Basic Coatings. Never use ammonia or other chemicals as it will remove the urethane finish. Hardwood floors are a long-term investment, and when correctly maintained will add beauty and value for the lifetime of the home.
